## 1. BACKGROUND & SITUATION

Shield Up positions FullCosmetics as a serious contender in the daily sun protection category, a segment historically dominated by dedicated suncare brands (La Roche-Posay, Supergoop). The campaign needs to feel confident and modern, appealing to an active audience that wears SPF year-round, not just at the beach. This is a strategic category-entry campaign with cross-functional visibility at the executive level — see Q1 category review deck for full business case.

**Competitive context:** Supergoop owns the 'invisible, weightless' positioning in earned media; FullCosmetics must differentiate through the reef-safe formulation and the credibility of our existing dermatological skincare range, rather than competing head-on with the same claim.

## 2. CAMPAIGN OBJECTIVE & KPIs

**Primary goal:** Build category leadership in daily sun protection

Measurable objectives:

- Establish FullCosmetics as a top-3 considered brand in 'daily SPF' category trackers by end of Q3 2026
- Achieve 4M+ video views across paid and organic social during launch month
- Drive 20% of total Sun Care division revenue from this SKU within FY26/27

## 3. TARGET AUDIENCE

**Summary:** Adults 20-45, sun-conscious, active outdoor lifestyle

Skincare-first sunscreen buyers who wear SPF year-round, not just on holiday. Highly active on Instagram and YouTube, follows skinfluencers and dermatologists discussing sun protection science. Increasingly conscious of reef-safe and environmentally responsible formulations when choosing a sunscreen brand.

## 4. TONE OF VOICE & KEY MESSAGES

**Tone of voice:** Confident, protective, modern

Key messages (in priority order):

- Broad spectrum SPF50 protection
- Weightless invisible finish
- Reef-safe formula

## 5. CHANNELS & MEDIA CONTEXT

- Paid + organic social (Instagram, YouTube Shorts) — primary

- Out-of-home (selected urban markets, media plan TBD)
- Retail partnership launch event (Sephora EU, date TBC)

6. CREATIVE DELIVERABLES

- 1x hero background visual — empty studio set, brand palette, pack-shot ready
- 1x headline + tagline + supporting copy (EN, to be localized post-approval)
- Formats required: 1080x1080 (social), 1920x1080 (web banner), 300x250 (programmatic display)

7. MANDATORIES & CONSTRAINTS

- FullCosmetics logo lock-up per brand guidelines v4.2
- 'Reef-safe' claim must reference the certifying body in adjacent legal copy
- No beach/vacation imagery — visual must support year-round daily-use positioning

8. CREATIVE NOTES

Avoid beach/vacation cliches — this is a daily-use product, not a holiday product. Lighting should evoke clarity and protection rather than leisure. Reef-safe claim must be visually/tonally supported (clean, modern, no tropical imagery). This brief covers creative production for the hero visual and core copy only; OOH and retail event creative are tracked in separate Workfront requests.
